

CONGRATULATIONS

2011 Award Winner

July 15th

Congratulations, NEXTEL Engineering Systems, S.L.!

Since 2003, the Microsoft® Worldwide Partner Conference has provided a unique event for thousands of partners from more than 100 countries. Each year at this conference, a select few truly stand out in a distinguished, competitive field to receive worldwide recognition of excellence as a Microsoft Partner of the Year Award Winner. I would like to recognize NEXTEL Engineering Systems, S.L. on joining a group of influential and inspiring leaders as the 2011 Microsoft Country Partner of the Year Award Winner.

It is impressive to see how partners leverage the breadth of the Microsoft platform to create groundbreaking solutions in each award category. As a winner, your company demonstrated significant customer impact, solution innovation, speed-to-market, deployment, and utilization of advanced features in Microsoft technologies over the past year. I am excited that this extraordinary accomplishment could provide your company new business opportunities, and increased visibility in the industry and markets you serve.

Again, congratulations on your success as a Microsoft Partner of the Year Award Winner. I am honored to work with partners who display your passion for helping customers reach their full business potential.

Best regards,
